

Hospitality Management (HOSP)

Hospitality Management (HOSP)

Students in the Hospitality Management program gain knowledge and skills related to the management of various hospitality venues, through classroom instruction, laboratory experience, and cooperative education.

Students select one of two tracks within the degree: Food and Beverage, or Operations.

- Students in the Food and Beverage track also earn the Culinary Arts Certificate as part of the degree, and are qualified to work as managers of food service operations in a kitchen setting.
- Students in the Operations track learn basics of lodging and restaurant operation, along with event management skills and hospitality management training. Students can complete the Operations track through online learning, which provides flexibility in completing degree requirements.

Graduates earn an Associate of Applied Business degree and are prepared for supervisory positions in a variety of hospitality venues.

For more information, please contact the Business Technologies Division at (513) 569-1620.
