

Automotive Service Management Technologies

Automotive Service Management (ASM)

Automotive Service Management is an Associate of Applied Business program including on-site co-op education as well as classroom instruction. The combined classroom and work experience develop cognitive and technical skills essential for the success of the student entering any avenue of the automotive work force.

Automotive Service Management (ASM)

All degree-seeking students must complete a First Year Experience (FYE) course as part of the first 18 credit hours taken at Cincinnati State.

Semester 1		Credits
