# Health and Fitness Technology (HFT)

The health and fitness technician works in many areas of health promotion, and must be able to motivate clients, adapt exercises to client needs, and monitor the safety and progress of clients. Knowledge of anatomy and physiology, foundations of exercise, health and wellness principles, emergency procedures, and basic computer skills are essential. The Health and Fitness Technology program includes includes coursework in business as well as health and wellness studies. Graduates earn an Associate of Applied Science degree.

Cincinnati State also offers several certificates in specialized areas of health and fitness.

# **Aquatic Group Fitness Instructor Certificate (AFIC)**

The Aquatic Group Fitness Instructor certificate prepares students to design and lead comprehensive aquatic classes for clients at various fitness levels. Program graduates are prepared to take the Aquatic Exercise Association (AEA) national certification examination to become a Certified Aquatic Fitness Professional. Graduates may be employed by health clubs, corporate fitness centers, recreation programs, hospitals, or senior centers. Job activities may include designing safe aquatic classes, scheduling classes, and assisting clients with goal setting and motivation.

# **Aquatic Personal Trainer Certificate (APFTC)**

The Aquatic Personal Trainer Certificate is designed for experienced personal trainers who want to expand their services by providing personal training for clients in an aquatic environment. Students learn about the effects of water properties on exercise programming, formats for aquatic exercise, and how to monitor exercise intensity in aquatic environments. Graduates may be employed by health clubs, fitness centers, or wellness centers. Job activities may include fitness testing and risk factor identification, conducting individual and group exercise programs, counseling clients on behavior modifications, and designing individualized fitness programs.

# **Group Fitness Instructor Certificate (GFIC)**

The Group Fitness Instructor certificate prepares students for job activities such as designing safe classes for traditional and/or step aerobic exercises, scheduling classes, setting goals, and motivating participants. Graduates are prepared to take a national certification examination to become a Certified Group Fitness Instructor. Graduates may work in health clubs, corporate fitness centers, aerobic studios, or recreation programs.

# Health and Fitness Special Populations Certificate (HFSPC)

The Health and Fitness Special Populations Certificate prepares students to work in the field of health and fitness with a wide range of individuals including clients with chronic diseases, youth, older adults, and clients concerned with women's health.

# Personal Fitness Trainer Certificate (PFTC)

The Personal Fitness Trainer Certificate prepares students to develop safe fitness programs focused on health maintenance for healthy individuals. Graduates may be employed by health clubs, fitness centers, or wellness centers. Job activities may include fitness testing, identifying risk factors, conducting individual and group exercise programs, counseling clients in behavior modification, and designing individualized fitness programs. Graduates are prepared to take the American College of Sports Medicine (ACSM) Certified Personal Trainer exam.

# **Pilates Mat Instructor Certificate (PMIC)**

The Pilates Mat Instructor Certificate prepares students to develop safe and effective Pilates Mat exercise classes for a variety of fitness levels. Individuals who complete this certificate will be prepared to teach Pilates Mat to people of all body types, ages, and physical conditions. Graduates may be employed by health clubs, wellness centers, and university recreation centers. Graduates are prepared to take the national certification examination to become a Certified Pilates Mat Instructor.

# **Resistance Training Certificate (RSTC)**

The Resistance Training Certificate prepares students to develop safe, effective, and efficient resistance training programs. Students evaluate biomedical, physiological, and genetic factors affecting strength and muscle tissue gain and learn proper form, technique, and spotting for resistance exercises using body weight, free weights, resistance machines, and other resistance-training disciplines. Graduates may be employed as corporate, community, or hospital-based fitness and personal resistance program trainers.

# **Yoga Teacher Training Certificate (YIC)**

The Yoga Teacher Training Certificate prepares students to design yoga sequences for healthy adults, along with an introduction to designing yoga routines for children, pregnant women, and older adults. The certificate also covers other key aspects of yoga practice. Graduates of the certificate program qualify for registration with the National Yoga Alliance as a Registered Yoga Teacher (RYT) at the 200-hour level.
