Overview

Collaborative Relationships

Cincinnati State has established academic partnerships with high schools, colleges, universities, and employers throughout the region.

Through the state of Ohio's College Credit Plus program, Cincinnati State enrolled over 1,700 students from 74 high schools in southwestern Ohio during the 2015-16 academic year. These students completed nearly 12,000 semester credit hours of courses that carried both high school and college credit.

Cincinnati State has also established articulation agreements with the University of Cincinnati, the University of Mount St. Joseph, Northern Kentucky University, Xavier University, Miami University, and other institutions to ease the transfer of graduates to specific degree programs in those institutions.

Cincinnati State is a member of the Greater Cincinnati Consortium of Colleges and Universities; this allows students, under certain conditions, to take courses not offered at their home institution at any of the 13 member institutions. Students who would like more information about this program should contact the Office of the Registrar, Room 161 Main Building, Clifton Campus, or registraroffice@cincinnatiastate.edu .

Cincinnati State also has a cross-registration agreement with the Army and Air Force ROTC at the University of Cincinnati. Army and Air Force personnel teach General Military Training classes. Enrollment in these classes entails no service obligation, and books and uniforms for the courses are provided free to students. Participants attend ROTC classes and drill periods on the University of Cincinnati's campus while attending academic classes at Cincinnati State. Details are available in the Office of Veteran Student Affairs at Cincinnati State, Room 135 Main Building, Clifton Campus.

Cooperative Education

Since its founding in 1969, Cincinnati State has integrated work experience (typically co-op employment or clinical rotations) with academic coursework. Cincinnati State's consistently high graduate employment rate reflects the College's commitment to providing quality education enriched by on-the-job training. Students encounter "real-world" job demands, helping to clarify their career choices and promote responsibility in the workplace. Most co-op experiences are paid placements that permit students to earn while learning, and thus defray the total cost of their education. The College has been recognized nationally for its extensive cooperative education program. More than 500 employers provide placements for degree-seeking Cincinnati State students who devote one or more semesters of their program of study to applying the knowledge they have acquired in the lab and in the classroom.

Equal Opportunity

Cincinnati State is committed to a policy of equal educational opportunities for all persons regardless of race, age, handicap, sexual orientation, national origin, or gender. This policy is adopted as a matter of law and as a matter of educational policy consistent with the goals and purposes of the College.

The College also adheres to a policy of equal employment opportunity and affirmative action to end any illegal pattern of discrimination and to overcome the effects of past discrimination. Cincinnati State is also committed to serving the region's Armed Forces Veterans.
