Health Informatics Major (HITHI)

Health Information Technology - Healthcare Informatics Major (HITHI)

Students in the Healthcare Informatics major gain skills needed to assist organizations with meaningful and efficient use of healthcare data by incorporating information technologies and information management techniques.

Graduates earn an Associate of Applied Science degree and have the knowledge and skills required to collect, manage, use, and share information to support delivery of healthcare services and to promote healthy living.

For more information, please contact the Center for Innovative Technologies at (513) 569-1743.
