

Electrocardiography (Advanced) - Arrhythmia Recognition Certificate (ECGAC)

Electrocardiography (Advanced) - Arrhythmia Recognition Certificate (ECGAC)

The Advanced Electrocardiography certificate expands the skills gained through the Basic ECG certificate with special emphasis on analyzing 12 lead ECG changes.

Students review basic ECG principles, and then learn to interpret various types of atrial and ventricular dysrhythmias, such as chamber enlargement, conduction defects, and perfusion disturbance patterns.

For more information, please contact the Health and Public Safety Division at (513) 569-1670.
