

Interpreter Training Program & Deaf Studies Certificate (ITP & DSC)

Interpreter Training Program (ITP)

The Interpreter Training Program at Cincinnati State is a stepping stone toward competency in the field of sign language interpreting, including extensive coursework in American Sign Language (ASL) and Deaf Studies. The combination of classroom instruction, experiential and self-directed growth, and community involvement creates a rich learning environment. Program graduates earn an Associate of Applied Science degree.

Interpreting between ASL and English is a challenging and complex task. Students learning the profession must develop fluency in a language that is different from spoken languages. Once fluency is achieved, students must develop the skills to facilitate communication quickly and accurately between the two languages.

The skills required for success in Interpreter Training cannot be mastered through classroom attendance alone. Students must devote a great deal of time to study, practice, skill development, observation, and community involvement.

To complete the degree program successfully, students must be able to comprehend, write, and speak in English fluently.

For more information, please contact the Humanities and Sciences Division at (513) 569-1700.

To apply for this program at Cincinnati State, visit the Admissions (<http://www.cincinnati-state.edu/academics/admission/>) section of the College website.

Deaf Studies Certificate (DSC)

The Deaf Studies certificate enables students to learn about sign language and Deaf culture in order to be involved as an advocate or signer, but not as a paid professional interpreter.

For more information, please contact the Humanities and Sciences Division at (513) 569-1700.

To apply for this program at Cincinnati State, visit the Admissions (<http://www.cincinnati-state.edu/academics/admission/>) section of the College website.
