

# CHW

---

## Courses

### **CHW 100 Community Health Worker Training**

**4 Credits. 3 Lecture Hours. 2 Lab Hours.**

A course on the community health worker's role, skills, and responsibilities, using concepts and curriculum requirements defined by the Ohio Board of Nursing Community Health Worker (CHW) Program. Topics include: health data collection, basic anatomy and physiology, basic medical terminology, health education, client communication, confidentiality, community advocacy and referral, and documentation and reporting. Students who complete CHW 100 and CHW 180 successfully may apply for professional certification as a CHW.

Prerequisites: None

Instructor Consent Required

### **CHW 180 Community Health Worker Practicum**

**3 Credits. 1 Lecture Hour. 8 Lab Hours.**

Students complete 130 hours of clinical practice in a community agency or community health setting, performing functions of the community health worker under supervision of faculty and agency site supervisor, and attend a weekly on-campus seminar. Students who complete CHW 100 and CHW 180 successfully may apply for professional certification as a CHW.

Prerequisites: CHW 100, MCH 106 (minimum grade C for both)

Instructor Consent Required
