Academic Advising

Academic advising assists students in reaching their academic and career goals at Cincinnati State. Program chairs, academic advisors, other faculty members, and some staff members are assigned to guide students through activities such as:

- Setting academic goals
- Developing educational plans
- Selecting courses
- Providing information on transfer credits
- Understanding and meeting requirements for graduation
- Clarifying career and personal goals
- Explaining academic policies and procedures
- Addressing academic challenges
- Making appropriate referrals to campus support services

Mandatory Advising

Students are required to meet with an academic advisor prior to registering for their first two semesters. In some cases, students may be required to meet with an advisor each semester prior to registering for classes until all prerequisite coursework has been completed for admission into their major.

Counseling Services

Cincinnati State Counseling Services promote student learning and development by providing counseling and referral services that address the developmental, career, and mental health needs of Cincinnati State students.

Counseling Services offered include:

Consultation and Assessment: Available to students, faculty, and administrators. Counseling Services provide help in identifying a student's needs, appropriate campus services, and possible referral for community resources.

Personal Counseling: Enrolled students may take advantage of one-on-one, short-term counseling to help navigate and cope with personal and emotional challenges that may be interfering with school, relationships, and other responsibilities.

Campus and Community Referral: Available to students who may need access to community resources. Not every student concern is necessarily served best by the College's Counseling Services. If it is determined that a student may be better served through other resources, the student is referred to a related on-campus service or to a community resource or agency.

For more information, contact the Counseling Services office in Main Building Room 171 (Clifton Campus), call (513) 569-5779, or send email to counseling@cincinnatiastate.edu.

Disability Services

The College's Office of Disability Services works with students to ensure they receive academic accommodations in their courses. The primary goal of Disability Services is to guarantee that all students with disabilities have an equal opportunity in the pursuit of their educational objectives. Services and programs are available for students according to individual need.

Students with disabilities who need accommodations must first register with the Office of Disability Services and present appropriate documentation. Additionally, students must present their class schedules to the Disability Services Office at the start of the academic semester to determine appropriate accommodations.

Services available include test proctoring, note-taking, scribing, interpreting, assistive technology, advocacy, and providing audio text and Braille access, as well as referrals to other campus support services and to community resources.
