

Paralegal (PAR & LAW)

Paralegal (PAR)

The Paralegal degree program prepares students to become Paralegals, also known as Legal Assistants. While earning an Associate of Applied Business degree, students gain knowledge and skills required to assist attorneys, judges, and other legal professionals in many legal practice settings.

Students learn to investigate facts, conduct research on legal issues, interview clients, organize and evaluate case materials, draft legal documents, and communicate effectively with legal professionals. Students also gain knowledge of substantive and procedural law, concentrating on the most prevalent areas of legal practice.

In addition, students gain understanding of legal office procedures, time management, and organizational skills.

Cooperative education experience provides practical hands-on training to help students begin a career as a Paralegal.

For more information, please contact the Business Technologies Division at (513) 569-1620.

To apply for this program at Cincinnati State, visit the Admissions (<http://www.cincinnati.state.edu/academics/admission/>) section of the College website.

Paralegal Certificate (LAW)

The Paralegal Certificate program at Cincinnati State prepares students for careers in the legal profession in three key employment areas: employees of attorneys (the dominant category), self-employed individuals who work for attorneys, and self-employed individuals who provide their services directly to the public with attorney supervision.

Students learn substantive and procedural law, concentrating on the most prevalent areas of legal practice, as well as general civil and criminal litigation practice.

Students earning the Administrative Assistant associate's degree with emphasis in the Legal Administrative Assistant track may wish to add the Paralegal Certificate to enhance their studies.

To be admitted to the certificate programs, students must have an associate's degree, a bachelor's degree, or Program Chair consent.

For more information, please contact the Business Technologies Division at (513) 569-1620.
