

# CHW

---

## Courses

### **CHW 100 Community Health Worker Training**

**4 Credits. 3 Lecture Hours. 2 Lab Hours.**

A course on the community health worker's role, skills, and responsibilities, using concepts and curriculum requirements defined by the Ohio Board of Nursing Community Health Worker (CHW) Program. Topics include: health data collection, basic anatomy and physiology, basic medical terminology, health education, client communication, confidentiality, community advocacy and referral, and documentation and reporting.

Prerequisites: None

### **CHW 180 Community Health Worker Practicum**

**3 Credits. 1 Lecture Hour. 8 Lab Hours.**

Students complete 130 hours of clinical practice in a community agency or community health setting, performing functions of the community health worker under supervision of faculty and agency site supervisor, and attend a weekly on-campus seminar. Students who complete CHW 100 and CHW 180 successfully may apply for professional certification as a CHW.

Prerequisites: CHW 100, MCH 106 (minimum grade C for both)

Instructor Consent Required
