

Finance (FIN & BFSC)

Finance (FIN)

The Finance associate's degree program provides students with knowledge and skills needed to succeed in entry-level and management training positions in financial institutions such as banks, insurance companies, investment firms, and corporate finance departments, as well as financial departments of non-profit organizations.

The field is broad and many opportunities are available to associate's degree program graduates with knowledge of financial matters. In addition, the Finance program has established articulation agreements with universities for students who wish to pursue a bachelor's degree.

The Finance program can be completed through online learning.

For more information, please contact the Business Technologies Division at (513) 569-1620.

To apply for this program at Cincinnati State, visit the Admissions (<http://www.cincinnati.edu/academics/admission/>) section of the College website.

Banking and Financial Services Certificate (BFSC)

The Banking and Financial Services Certificate prepares students for entry-level employment with commercial and community banks and other financial services organizations such as insurance companies and investment firms.

The certificate courses focus on understanding key financial concepts that are critical to serving financial institutions' clients, along with building skills in customer relations and interpersonal communication.

All courses in the certificate program also apply to the Finance associate's degree program.

All certificate courses can be completed through online education.

The certificate program does not include cooperative education.

For more information, please contact the Business Technologies Division at (513) 569-1620.

To apply for this program at Cincinnati State, visit the Admissions (<http://www.cincinnati.edu/academics/admission/>) section of the College website.
