Nursing (LPN to RN Progression) (NURP)

Nursing (LPN to RN) (NURP)

Students in the Cincinnati State Bethesda School of Nursing who are Licensed Practical Nurses with an unencumbered license may complete the Associate's degree Nursing program using this option. Interested students should meet with a Nursing academic advisor.

The Associate's Degree Nursing program offered at Clifton Campus is approved by the Ohio Board of Nursing and is accredited by the Accreditation Commission for Education in Nursing (ACEN), 3390 Peachtree Road NE, Suite 1400, Atlanta, Georgia 30326. Phone: (404) 975-5000. Website: www.acenursing.org (https://nam11.safelinks.protection.outlook.com/?url=http%3A%2F%2Fwww.acenursing.org

The most recent accreditation decision made by the ACEN Board of Commissioners for the Associate's Degree Nursing Program is Continuing Accreditation.

The Nursing LPN-to-RN Progression program allows qualified students to shorten the time required to complete the Nursing associate's degree. Students enter the Nursing course sequence at the third level, taking Bridge and Transition courses (NUR 105 and NUR 106) instead of the course NUR 103. The concepts covered in NUR 105 and NUR 106 verify that students are competent in basic nursing skills, pediatric skills, as safe care of the pediatric patient in clinical experiences.

Advanced Standing credit replaces the required courses NUR 101, NUR 102, and NUR 103 in the associate degree Nursing curriculum. The Advanced Standing credits will appear as NUR 150 on the student's academic record after successful completion of the second semester courses.

After successfully completing the first and second semesters of Nursing coursework and receiving Advanced Standing credit, the LPN-to-RN students join traditional Nursing students to complete required courses NUR 201 and NUR 202. These courses cover medical-surgical, obstetrical, mental health, and management content, and clinical experiences. The LPN-to-RN students also complete the non-nursing requirements of the traditional Nursing program.

During the final semester of the curriculum, students must pass a nationally standardized comprehensive exam in order to pass the final theory course.

Because Nursing courses include labs and clinical experiences, courses meet three to four days or evenings per week. Therefore, it would be difficult for an LPN-to-RN student to maintain full-time employment concurrently with a full-time academic load.

An LPN may choose to pursue the traditional Nursing program (completing required Nursing courses over five semesters). This approach is recommended for individuals with little clinical experience,

or individuals who need to complete non-nursing courses concurrently with required Nursing courses.

A limited number of students are admitted to the LPN-to-RN program each year, through a selective admission process. Two groups of students are admitted during each academic year.

Application materials and other information about the selective admission process are available from the Nursing program advisors.

For more information, please contact the Health and Public Safety Division at (513) 569-1670.

To apply for this program at Cincinnati State, visit the Admissions (http://www.cincinnatistate.edu/academics/admission/) section of the College website.

Electives

Semester 1

First Year Experience Elective

FYE 100	College Success Strategies: Overview	1
FYE 105	College Success Strategies: Overview and Application	2
FYE 110	College Success Strategies: Practice and Application	3

English Composition Elective

ENG 102	English Composition 2: Contemporary Issues	
---------	--	--

ENG 103	English Composition 2: Writing about Literature	3
ENG 104	English Composition 2: Technical Communication	3
ENG 105	English Composition 2: Business Communication	3

Some courses are offered in alternative versions identified with a letter after the course number-- for example, ENG 101 and ENG 101A.

- This curriculum displays only course numbers without the added letter.
- The alternative version, when available, meets the requirements of the course version without the added letter.

The letters G, B, and T (displayed after course titles or elective descriptions) identify types of courses required by the Ohio Department of Higher Education as part of an associate's degree curriculum.

G = General Education course in this curriculum

B = Basic Skills course in this curriculum

T = Technical course in this curriculum

Courses

NUR 100 Orientation to Nursing 3 Credits. 3 Lecture Hours. 0 Lab Hour.

A course on building knowledge and skills essential to success for students entering the Nursing associate degree program. Topics include: the nursing process, professionalism, critical thinking, time management, study skills, and communication.

Prerequisites: None

Instructor Consent Required

NUR 101 Nursing Concepts 1

3 Credits. 2 Lecture Hours. 3 Lab Hours.

A course on the role of the RN in the healthcare system, including cognitive, affective, and psychomotor skills. Topics include: academic success skills, communication, math, health and wellness, cultural awareness, regulatory guidelines, safety, patient education, and basic nursing skills.

Prerequisites: Admitted to the NUR program, high school biology and chemistry within the past 7 years, and STNA (minimum grade C for all courses)

Instructor Consent Required

NUR 102 Nursing Concepts 2

6 Credits. 3 Lecture Hours. 9 Lab Hours.

A continuation of NUR 101. Topics include: holistic care of patients with common health problems, nursing processes, communication, evidence-based practice, cultural sensitivity, and effective decision-making skills. Students apply specific nursing and assessment skills in the clinical setting.

Prerequisites: NUR 101 and BIO 151 and ENG 101 (minimum grade C for all)

Instructor Consent Required

NUR 103 Nursing Concepts 3

9 Credits. 6 Lecture Hours. 9 Lab Hours.

A continuation of NUR 102. Topics include: nursing care of children and adults across the life span. Students apply clinical reasoning and nursing skills in simulations and in the clinical setting.

Prerequisites: NUR 102 and BIO 152 and 6 credits of English Composition (minimum grade C for all)

Instructor Consent Required

NUR 104 Academic Success Strategies for Nursing 3 Credits. 3 Lecture Hours. 0 Lab Hour.

A course on strategies for academic success in the Nursing associate degree program. Topics include: using college resources; building skills in critical thinking, studying, mathematics, and test-taking; and improving time management skills.

Prerequisites: Instructor consent Instructor Consent Required

NUR 105 Nursing LPN to ADN Transition 3 Credits. 2 Lecture Hours. 3 Lab Hours.

A course for the LPN who is transitioning into the associate's degree Nursing program. Topics include: concepts and skills distinctive to the LPN and RN, nursing roles and academic programs, and skills applications in laboratory and clinical settings.

Prerequisites: Unencumbered LPN license in Ohio, and BIO 151 and ENG 101 (minimum grade C for both)

Corequisites: NUR 106: Nursing LPN/ADN Bridge

Instructor Consent Required

NUR 106 Nursing LPN/ADN Bridge

4 Credits. 2 Lecture Hours. 6 Lab Hours.

A course for the Licensed Practical Nurse entering the associate's degree Nursing program. Topics include: nursing care of children, and nursing skills and competencies. Students apply clinical reasoning and nursing skills in simulations and in the clinical setting.

Prerequisites: Unencumbered LPN license in Ohio, and BIO 151 and

ENG 101 (minimum grade C for both)

Corequisites: NUR 105: Nursing LPN to ADN Transition

Instructor Consent Required

NUR 150 Nursing Advanced Standing - LPN to ADN 11 Credits. 11 Lecture Hours. 0 Lab Hour.

Students may receive up to 11 semester credit hours for prior training as an LPN that applies to credits required in the Associate's degree Nursing program. Nursing Program Chair approval is required.

Prerequisites: Program Chair consent

Instructor Consent Required

NUR 201 Nursing Concepts 4

11 Credits. 7 Lecture Hours. 12 Lab Hours.

A continuation of NUR 103. Topics include: nursing care of individuals and families in multiple clinical settings, including mental health/psychiatric nursing, obstetrical nursing, and medical-surgical nursing. Students apply specific skills in the clinical setting.

Prerequisites: NUR 103 or NUR 105, and BIO 152 (minimum grade C for all)

Instructor Consent Required

NUR 202 Nursing Concepts 5

9 Credits. 6 Lecture Hours. 9 Lab Hours.

A continuation of NUR 201. Topics include: managing care of patients experiencing complex, acute, and emergency variations in health status; preparing for the NCLEX-RN exam; and preparing for transition to the role of professional nurse. Students apply specific skills in the clinical setting.

Prerequisites: NUR 201 (minimum grade C) Instructor Consent Required
