

Residency

General Guidelines Defining Ohio Residency

The following persons are classified as residents of the State of Ohio for tuition surcharge purposes. (Documentation supporting the student's request for classification as an Ohio resident is required.)

- a. A dependent student, at least one of whose parents or legal guardian has been a resident of the State of Ohio for all other legal purposes for 12 consecutive months or more immediately preceding the first-time enrollment of such student in an institution of higher education.
- b. A person who has been a resident of Ohio for the purpose of this rule for at least 12 consecutive months immediately preceding his or her first-time enrollment in an institution of higher education and who is not receiving, and had not directly or indirectly received in the preceding 12 consecutive months, financial support from other persons or entities who are not residents of Ohio for all other legal purposes.
- c. A dependent child of a parent or legal guardian, or the spouse of a person who, as of the first day of the semester of enrollment, has accepted full-time, self-sustaining employment and established domicile in the State of Ohio for reasons other than gaining the benefit of favorable tuition rates. Documentation is required. Residency status is lost immediately if the employed person upon whom resident student status was based accepts employment and establishes domicile outside of Ohio less than 12 months after accepting employment and establishing domicile in Ohio.
- d. A person who is living and is gainfully employed on a full-time or part-time and self-sustaining basis in Ohio and who is pursuing a part-time program of instruction at an institution of higher education shall be considered a resident of Ohio for tuition surcharge purposes.
- e. A person who enters and currently remains on active duty status in the United States military service while a resident of Ohio for all other legal purposes and his or her dependents shall be considered residents of Ohio as long as Ohio remains the state of such person's domicile.
- f. A person on active duty status in the United States military service who is stationed and resides in Ohio and his or her dependents shall be considered residents of Ohio.

A dependent person classified as a resident of Ohio for these purposes as a result of (1) listed above and who is enrolled in an institution of higher education when his/her parents or legal guardian removes their residency from the State of Ohio shall continue to be considered a resident during continuous full-time enrollment and until his or her completion of any one academic program.

In considering residency, removal of the student or the student's parents or legal guardian from Ohio shall not, during a period of 12 months following such removal, constitute relinquishment of Ohio residency status otherwise established under items (1) or (2) listed above.

A person transferred by his or her employer beyond the territorial limits of the 50 states of the United States and the District of Columbia while a resident of Ohio for all other legal purposes, and his or her

dependents, shall be considered residents for these purposes as long as Ohio remains the state of such person's domicile and as long as such person has fulfilled his or her tax liability to the State of Ohio for at least the tax year preceding enrollment.

A person who has been employed as a migrant worker in the State of Ohio and his or her dependents shall be considered a resident for these purposes provided such person has worked in Ohio for at least four months during each of the three years preceding the proposed enrollment.

Any person classified as a non-resident who wishes to be considered for resident status must apply to the institution he or she attends for reclassification as a resident of Ohio. Should such a person present clear and convincing proof that no part of his or her financial support is or in the preceding 12 months has been provided directly or indirectly by persons or entities who are not residents of Ohio for all other legal purposes, such a person shall be reclassified as a resident.

Any reclassification of a person who was once classified as a nonresident for these purposes shall have prospective application only from the date of such reclassification. Evidentiary determinations under this rule shall be made by the institution, which will require the submission of documentation regarding the sources of a student's actual financial support and other documentation. Criteria which may be considered in determining residency for tuition purposes may include, but are not limited to:

Criteria evidencing residency:

- a. If a person is subject to tax liability under section 5747.02 of the Ohio Revised Code
- b. If a person qualifies to vote in Ohio
- c. If a person is eligible to receive state welfare benefits
- d. If a person has an Ohio driver's license and/or motor vehicle registration
- e. If a person has a signed and binding lease/deed to a domicile in the State of Ohio

Criteria evidencing lack of residency:

- a. If a person is a resident of or intends to be a resident of another state or nation for the purpose of tax liability, voting, receipt of welfare benefits or student loan benefits (if the student qualified for that loan program by being a resident of that state or nation)
- b. If a person is a resident or intends to be a resident of another state or nation for any purpose other than tax liability, voting, or receipt of welfare benefits

Ohio Residency for Tuition Surcharge Purposes

Tuition is charged on the basis of residence in the State of Ohio and residence outside of the State of Ohio. A student with a question of

their right to claim legal residence in the State of Ohio for educational purposes may request the College review their residency status.

- The student initiates the review process by submitting a completed Review of Residency form, available from the Tuition Residency Guidelines (<https://cincinnati.state.edu/reciprocity/>) page of the College website.
- The Review of Residency form should be submitted to the Cincinnati State Office of the Registrar at least five working days prior to the beginning of the semester in which the student plans to enroll.

Proof of residency documentation is required when requesting a review of residency. Documentation includes:

- An Ohio driver's license or Ohio state identification card is required.
- A lease, deed, or notarized letter to validate living in the state is required.
- Proof of paying Ohio income tax, bank statements, voter registration card, and employment documents and letters all can be considered support documents to validate residency status.
- Other documents may be requested as needed.

Forever Buckeye

Forever Buckeye (<https://www.ohiohighered.org/forever-buckeyes/>) extends the in-state resident tuition rate to any public or private Ohio high school graduate who leaves the state but returns to enroll in an undergraduate or graduate program at an Ohio college and also establishes residency in Ohio. The Forever Buckeyes provision of law removes the 12-month period of establishing domicile in Ohio before becoming eligible for in-state tuition rates.
